Dual SIM Cards Work on One Phone

With the dual-SIM cards, you are reachable via two phone numbers simultaneously, you can quickly switch between these two. Also, 4G+3G network bring you good surfing experience. It's ideal to use for those who often travel abroad or those who wish to keep their work and private lives separate. Carrying only one phone, you will enjoy either fast local networks or the freedom of two roles.

Useful NFC, Cashless Life

It supports Functional NFC where Android Pay and bus-payment can be used.

- Access control
- Subway or air ticket
- T-money
- Logistics management
- Mobile payment
- Intelligent public telephone or poster
- Entrance guard control, etc.

Built-in NFC
