

BLE technology

Bluetooth Low Energy (BLE) technology is used to connect the ZFT Band to your smartphone, allowing for real-time data sync and notifications.

ONYX B2 Fitness Band

ONYX B2 Fitness Band is a sleek, black, waterproof fitness band with a 1.3" LCD screen and multiple sensors for heart rate, sleep, and activity tracking.

FEATURES

- WATERPROOF**: IP68 Water resistant, suitable for swimming and showering.
- FEATHER WEIGHT**: Fashion, light, and comfortable for all-day wear.
- ADJUSTABLE**: Simple, easy adjustment for all wrist sizes.
- CONNECT**: Bluetooth App for data sync and notifications.

SPORTS

The ZFT Band is designed for active lifestyles, featuring a variety of sports modes and real-time activity tracking.

SLEEP MONITOR

The ZFT Band monitors your sleep patterns, providing insights into your sleep quality and duration.

FOOD

The ZFT Band tracks your food intake, helping you maintain a healthy diet and manage your weight.

CALL REMINDER

The ZFT Band provides call reminders, ensuring you don't miss important calls while on the go.

FRIENDS

The ZFT Band allows you to share your fitness data with friends, motivating each other to stay active.

DAILY ACTIVITIES

The ZFT Band tracks your daily activities, including steps, distance, and calories burned.

ZFIT APP

The ZFIT App is the central hub for your fitness data, providing a comprehensive overview of your health and wellness.

Wireless Sync

The ZFT Band features wireless sync technology, allowing you to sync your data with the ZFIT App without the need for a charging cable.
